## About VEDA

Vedic Education and Development Academy (VEDA) is a public benefit non-profit charity organization. VEDA was started to fulfill the needs of the community, to celebrate festivals and rituals following the agamic tradition and the temple was started in October 2009. **We purchased our own facility in Oct 2018** – while it is a significant milestone in just 9 years, we have exciting plans, to make it an iconic temple with authentic rituals.

Temples have always been pivotal institutions in protecting and preserving the great values of our ancient heritage. VEDA recognizes this big role and has not only been catering to the religious needs of the community but also has provided great fillip and inspiration for the continuity and development of our cultural, social, and educational values in the area.

## 2025 Year at a Glance

From the morning Suprabhata Seva to the closing Ekanta Seva, with everything in between, VEDA has captured the hearts of devotees with the authentic Sevas that filled the aura with piety that reminded them of Tirumala. Building on the glorious Udayastamana Seva, VEDA Sri Venkateswara Temple has now incorporated all the sevas into Varshikotsavam, which is on track to grow into a full Brahmotsavam, cementing its position as the **Tirumala of the North West!** This year, VEDA also conducted a grand and authentic Sastha Preethi event with none other than “Sastha Aravind” officiating the ceremonies and bringing the experience that even people in India yearn for! First ever Shatchakra puja with the utsava moorthies of all the six deities and Hariharaputra homam along with the seven-day saptaham brought in the fervor and drenched Seattle in Sashta bhakthi!

We have continued to serve the community while pivoting to online services, provided full priest services for all functions and **conducted all major events with full pomp and splendor.** Mahashivaratri, Upakarma, Ganesh Chaturthi, Navaratri, Deepavali (with fireworks), Ayyappa Mandala Puja and Seattle Margazhi Utsavam are examples of the resiliency and resolve of our community.

VEDA Temple sincerely appreciates the patronage from many generous donors who have been instrumental in the growth of the temple since inception. Their donations have had profound influence in making VEDA Temple the nucleus of religious and cultural activities in the community and has etched the temple's name in the community. Continuing our growth, we now have multiple donors who have donated more than \$100K and multiple donors pledged to reach this level! **Please continue to donate generously.**

## Looking Forward to 2026

This is our year of Permits! We have started the work with architects/shilpis to design an iconic temple in the area. **Watch for exciting announcements in the coming months with preliminary designs for your input** and associated activities; We intend to engage with the authorities to get the permits issued this year! **And we need your sustained financial support to realize these goals.** The temple has kicked off a fundraiser with a \$1Million target to drive this phase to completion! **Please sign up for any donation level that's right for you!** This is to raise funds needed for our design phase. Donate generously and drive the temple design forward – time to make our dream into reality in the coming months!

### Pradosha Abhishekam & Its Origin

The evening of the thirteenth day of the moon is Pradosha when Shiva is worshipped with an abhishekam of many dravyas, during the evening hours, around sunset time. This Agamic Rtual is a powerful Rtual to remove the sufferings of the worshipper and yields the four fold objectives if life - righteousness, wealth, pleasures and liberation.

Rudrabhisheka is performed in full fervor at VEDA, every Pradosham day. Annual sponsorships available. Register: [www.vedatemple.org/pradosham](http://www.vedatemple.org/pradosham)

### Makara Sankranti

Makara Sankranti is another unique event at VEDA, with Ayyappa puja. This is the concluding program for those who observe Ayyappa Mandala vrata - the event is celebrated in full fervor with a grand alankaram and bhajans.

**Thai Pooam**

Lord Subramanya received the "Vel" (lance) from His mother, Parvathi on Thai Pooam. Subramanya used the lance to vanquish the demon Surapadma. The festival is marked by Kavadi to Lord Subramanya, by carrying various offerings on one's shoulder. The types of Kavadi typically carried are milk, rose water and flowers. It is also common to offer pots of milk, honey & tender coconut water. Celebrate at VEDA: [www.vedatemple.org/thaipooam](http://www.vedatemple.org/thaipooam).

**Maha Shivaratri**

Magha (Masi) Krishna Chaturdasi is celebrated as Maha Shivaratri. Abhisheka Priya, Shiva is worshipped during the four yamas of that night with the chanting of Sri Rudram using 12 abhisheka vastus -rose water, pancha-gavya, panchamrta, ghee, milk, yogurt, honey, sugarcane juice, fruit juices, tender coconut water, sandalwood paste and water. An archana with bilva leaves relieves one of sins from three births and is assured of a place in Kailasha.  
Register at [www.vedatemple.org/shivaratri](http://www.vedatemple.org/shivaratri).

**Ekanta Seva**

This is the last Seva in the sequence of daily worship. The Shayana Moorthy of Perumal and Thayar are placed in a swing and rocked gently amidst melodious singing of Azhwar's and Annamacharya's lullabies.

Thayar uses this opportune moment of solitude to act as an intermediary between Lord Venkateswara and Her devotees, by magnifying our good deeds and brushing away our bad deeds, as if it were not important. This makes Lord Venkateswara renew His affection to us inspite of our shortcomings and grant us our wishes.

Ekanta Seva is done at VEDA Saturdays 830pm; To sponsor : [www.vedatemple.org/ekantaseva](http://www.vedatemple.org/ekantaseva)

### Panchanga Shraavanam on Yugadi & Tamil New Year

At the beginning of the new year, it has been a time-honored tradition to listen to a priest reading the Panchanga (Almanac/Calendar). This is called Panchanga Shraavanam. The five limbs of the Panchanga are Thithi, Vara, Nakshatra, Yoga & Karana. A glimpse of the likely events in the year, helps us to prepare for the year ahead of us. Panchanga Shraavana removes the ill-effects of bad dreams, confers merits of Ganga Snanam, Go-Dana, increases lifespan and begets good natured children.

### Srinivasa Kalyanam

Kalyana Utsavams or the marriage ceremonies of various Gods are performed at our temple for our welfare – Yoga-Kshemam. Yoga refers to obtaining what we do not have and kshemam refers to retaining what we have. Based on the advice by Brhaspati, Srinivasa Kalyanam was performed on Vaishakha Masa Shukla Dashami (when Uthra Phalguni was the ruling star) on a Friday. It is considered a divine gift to assume the role of the “kanyadatas” or parents of Goddess Padmavathi.

In the Vimanarchana Kalpam, Sage Marichi details the fruits of conducting Lord Srinivasa’s Kalyanam. Those who serve Srinivasa with Sridevi and Bhudevi during the Kalyana Utsavam will be purged of their sins instantly. Besides, their ancestors and progeny for ten generations (both maternal and paternal) will be cleansed of their sins. The women thrive with long life of their husbands. At the end they all attain the sacred world of Vishnu.

VEDA conducts Srinivasa Kalyanam every month; to sponsor and partake in the blessings of Lord Venkateswara, register: [www.vedatemple.org/kalyanam](http://www.vedatemple.org/kalyanam)

### Importance of Amavasya Tarpanam

Amavasya is the day when the sun and the moon are together. A month in the Bhooloka (15 days of Shukla Paksha and Krishna Paksha) is a day in Pitru Loka. When we offer tarpanam to deceased ancestors, once a month, on Amavasya, it amounts to offering food every day to them.

### Karya Siddhi Vajravel Prarthana

This is yet another of the signature events at VEDA Temple. This puja involves devotees writing their prarthana and offering it at the lotus feet of Lord Subrahmanya and His specially consecrated Vajra Vel; the devotees then perform Subrahmanya trishathi archana for 6 weeks led by our priests and many devotees tell us that their prayers have been answered within the 6 weeks! Participate today! Register at : [www.vedatemple.org/vajravel](http://www.vedatemple.org/vajravel)

### Mahalaya Paksha

Mahalaya Paksha is a period of 15 days when all our Pitrus (deceased ancestors) come together to our houses and accept our offering of Shradha to them. Performing Mahalaya Shradha assures gift of children, long, healthy and wealthy life to their lineage. Our Puranas shows that there are many merit-based possibilities of life after death.

Others reach the pitru loka, which has a series of worlds within it offering varied comforts, experiences and treatments. These differences arise due to the fact of not just commissions of bad karma but also due to omissions of good karma. Unlike those in swarga, pitrus in this loka, receive food and water only through the shradha that their descendants perform in the earth. Our Pitrus have expectations from us and we have obligations towards them. Mahalaya Shradha is hence, not optional but mandatory.

A few days are considered auspicious to perform shradha, although they can be performed on other suitable days (please consult our priests for suitable days). These are Maha Bharani (Mahalaya Shradha on this day confers the merit of Gaya Shradha), Madhyashtami and Gajacchaya. **Deepavali and Fireworks**

Deepavali is celebrated on Krishna Paksha Chaturdashi in the Aswayuja (Aippasi) month. It is believed that Lakshmi resides in sesame oil and Ganga resides in waters of all rivers in the early morning hours (before sunrise before the moon sets) of Chaturdashi and "Abhyanga Snana" (oil bath, called "Ganga Snana") at that time saves one from entering Yama Loka. Ulka Danam (holding fire stick) is supposed to be lit in the Pradosha Kala of Deepavali and Amavasya. VEDA provides fireworks on both days. Another important aspect of Deepavali (which faded away in some parts of India) is the lighting of lamps outside the houses for three days starting from the day before Deepavali, on the day of Deepavali and the next day.

### Skanda Shashti

The period from Asvayuja Amavasya to Shashti is celebrated as Skanda Shashti. In some cases if Shashti thithi starts before the sunsets on Panchami day, then Skanda Shashti is celebrated on Panchami.

A visual enactment of this divine act of "Soorasamharam", is a signature event of VEDA Temple. Register at: [vedatemple.org/skandashashti](http://vedatemple.org/skandashashti)

### Padmavathi Thayar Tirunakshatram

One of the Utsavams performed that is very dear to Thayar is Her Tirunakshatram celebrated on Karthikai (solar) Uttarashada nakshatra. Thayar Snapana Thirumanjanam followed by Kumkumarchana are the highlights of the day along with the special birthday gifts that Perumal gifts Her - the "saare" (an auspicious offering) consisting of silk saree, blouse, turmeric, vermilion, garlands, aromatic perfumes, gold ornaments, laddu, vada, appams, Dosa etc. It is a spectacular sight to witness Thayar dazzling in all Her glory with the silk vastrams & garlands.

Sponsor Gaja Vahana for this event and partake in the blessings of Goddess Padmavathi Ammavaru: [www.vedatemple.org/thayar](http://www.vedatemple.org/thayar)

### Shankhabhishekam

Water poured in a shankha or the conch is supposed to be cool, like the showers of Chandra. Shastraas vouch for the fact that such a Shankhabhisheka cools Shiva and pleases Him.

### Ayyappa Mandala Puja

Ayyappa Mandala Puja begins in the month of Karthika. Devotees, upon initiation, undertake a fast for a period of 48 days, as an attempt to maintain external and internal purity. The devotees prepare "Irumudi Kettu" or two bags, one of which contains offerings of coconut, ghee etc. for Lord Ayyappa and the other that contains personal belongings which represent the "Papams" and "Punyams", that he has accrued from countless births. As he exhausts the contents of these bags, he is believed to have exhausted all his karma. The other bag is offered to Lord Ayyappa and is supposed to assure the merge of the devotee with Lord Ayyappa.

Shasta Preethi is an ancient sampradaya of worshipping and pleasing Shastha through a set of pujas and bhakti-invoking bhajans followed by Annadhanam served to the entire village. This is one of the signature events at VEDA. Register for sevas at [www.vedatemple.org/ayyappa](http://www.vedatemple.org/ayyappa).

### Dhanur Masa Seva

The month of Dhanurmasa is very auspicious to Vishnu. This is the last month before the onset of Uttarayana.

This month is the Usha Kala (Brahma Muhurtha) of Devas. Lord Vishnu awakens from Yoganidra on the first day of this month. Our temple Rtuals for the entire month, begins with the sacred Tiruppalliyezhuchi and Andal's Tiruppavai. Worshipping Vishnu at the temple for a single day during this month yields the merits of worshipping Him with devotion for 1000 years and attain Vishnu Loka.

Lord Shiva is also worshipped at the temple with the chanting of Manikkavasagar's Tiruvempavai to invoke His blessings during the thirty days of Margazhi.

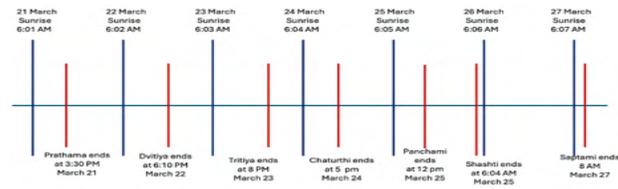

Register for the seva at [www.vedatemple.org/dhanurmasa](http://www.vedatemple.org/dhanurmasa)

## CALENDAR EXPLANATION

महाऋषि वशिष्ठ॥ यस्मिन् पक्षे यत्र काले येन दृग्गणितैक्यम्। दृश्यते तेन पक्षेण कुर्यात्तिथ्यादिनिर्णयम्॥

**Biggest misconception is "Indian Hindu festivals observance date in the Indian calendar / panchanga is applicable for all location in world".** Observance dates from Indian Panchanga is valid only in India and is not transferrable to other locations. Another misconception arises due to the time zones differences is as USA/Canada and Europe is behind in time then Festival will come a day later in USA/Canada and Europe. This is incorrect. Tithis, Nakshatras, Yoga and Karana are events, they end at the same time instance all over the world. After calculating tithi and nakshatra end times in local timezone, the different rules help to determine each festival. The local sunrise, sunset, moon-rise, and moonset times are used with Tithi to determine festivals. Hence, sometimes festivals may appear on the same day as India or a day before in the countries west of India. The countries east of India the festival may appear on the same date as India or a day later.

**Hindu day changes at the sunrise (not midnight), a Hindu day (Vaara) is from one sunrise to another sunrise.** The Hindu date (tithi) doesn't change at the midnight, and it is not always fixed 24 hours long it can be anything between 19 to 26 hours. Each 12 degrees distance between the Sun and the Moon is

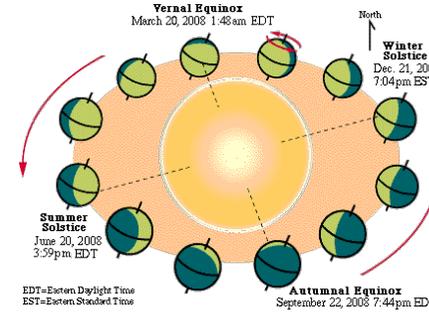

Tithi. The tithi, nakshatra, yoga and karana are based on geocentric positions of the Sun and the Moon. This astronomical phenomenon happens at the same time on the earth everywhere, and hence tithis, nakshatra will begin and end at the

same time all over the world, and we must convert them to our local timezone. Indian panchang makers convert this times to Indian time. Likewise, other countries needs to convert these times in their time zone from UTC.

**For example:** October 17th 2008 the Ashwayuja (Ashwin) Krishna Paksha tithi Tritiya ends at 16:39:21 Indian Standard Time, and chaturthi starts. That means at 16:39 hours there is tritaya still prevailing in India. The time difference with Seattle and India is 13 hours 30 minutes (with day light saving time the difference is 12 hours 30 minutes from IST). So, let's subtract 12 hours 30 minutes from the 16:39:21. That gives us 04:09:21 AM on October 17th. So on October 17th after that time we'll have chaturthi tithi and before we have tritaya. The earth doesn't wait for tithi or festivals to arrive in your timezone. **The sun doesn't rise instantly at the same time all over the world Hence we need local sunrise, sunset, moonrise and moonset times, along with Tithi, & Nakshatra ending times to determine festival date and time.**

**How festivals are determined?** The sankathara chaturthi the chaturthi tithi must be prevailing during the moonrise time. Moonrise in New Delhi on a given date is at 19:36 and in West Bengal, Kolkatta is at 19:25 PM. Now tritaya ends at 19:32 PM IST. So Kolkatta will celebrate karwa chauth/sankathara chaturthi on the Tomm where as people in New Delhi will celebrate on the same day. **Timings in this calendar are end timings of the Tithi and Nakshatra and for Sun/Moon entering time when it enters a new rashi.**

**Uttarayana/Dakshinayana:** The season occur based on earth's position around the Sun. This is due to Earth's tilt of 23.45 degrees. The Earth orbits around Sun with this tilt. When the tilt is facing the Sun, we get summer and when the tilt is away from the Sun we get winter.

**This tilt creates an illusion that the Sun travels north and south of the equator.**

The Uttarayana (Winter Solstice) is the Sun appearing to move north. The Dakshinayana (Summer Solstice) is the Sun appearing to move towards South. This causes seasons, equinoxes and solstices.

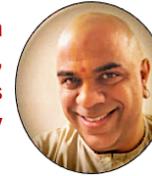

There is a common misconception that Makara Samkranti is the Uttarayana. This is because at one point in time Sayana and Nirayana Zodiac were same. Every year equinoxes slides by 50 seconds due to precision of equinoxes, giving birth to Ayanamsha and causing Makara Samkranti to slide further. If you think Makara Samkranti is uttarayana then as it is sliding it will come in June after 9000 years.

**All Drigganitha Panchanga makers like mypanchang, Rastriya Panchang, Janmabhumi Panchang, will use the position of the tropical Sun to determine Uttarayana and Dakshinayana. Hence January 14th isn't Uttarayana. Actual Uttarayana occurs on December 21st/22nd of every year. The same for Rtu. Rtus are always observed based on Tropical position of Sun.**
